SOCIAL SECURITY VERIFICATION

SSA-89 Processing

An authorized SSA service provider. Now processing electronic signatures (eCBSV)!

RESULTS IN LESS THAN 30 MINUTES

Social security number verifications using SSA services under the new eCBSV program, which permits the SSA to accept electronically signed SSA-89 forms. GSE compliant.

- ▶ SSV is commonly used to confirm whether a Social Security Number matches the supplied name and address of the SSN holder.
- ▶ NCS' SSV solution electronically processes executed SSA-89 forms with the SSA (Social Security Administration).
- ▶ S1 clients can place or retrieve requests via API platform or LOS integrations including Lending QB and Encompass[®].
- ▶ SSV results satisfy Fannie Mae's standard for the validation of a SSN within Section B2-2-01 of their Selling Guide.
- ▶ Availability of electronic signature under the SSA's new eCBSV program.
